Re: Annual Permit – Form MR-AR Explanation

To Whom It May Concern,

This letter shall serve as an explanation for the zero quantity listed on the attached form MR-AR. During 2012 no new disturbance or reclamation has taken place for the following reasons. First and foremost a conditional use permit from Summit County took until November 8, 2012 to be passed through planning. Secondly an appeal of decision was filed against the conditional use permit on November 11, 2012; at which time, the conditional use permit was stayed. To date no resolution to the appeal has been determined and no operation at the quarry can take place until resolved.

If you have any questions regarding this letter please feel free to contact me at 435-640-3168.
